GUIDELINES FOR THE REIMBURSEMENT
OF INTERVIEW TRAVEL EXPENSES

Reimbursement of interview travel expenses is only applicable to candidates whose address - as indicated on their application - is at more than 50 kilometres distance from the ECB.

Before making any travel arrangements, please note that you will be required to provide original receipts of travel tickets, boarding passes, hotel invoices, etc. (as far as possible) on the day of interview. Failure to provide these documents may result in the ECB not reimbursing the associated expenses.

The ECB will reimburse the following, as applicable:

1. Travel expenses
The reimbursement of travel expenses will be based on a return trip between the address specified on your application and Frankfurt. Prior authorisation from the ECB is required in any other cases.
Should your flight / train be delayed or cancelled, please get in touch with your Recruitment Team contact immediately so that alternative arrangements can be made. You must use the most economic way of travelling and, in line with the ECB green policy, we would like to encourage you to use the alternative that least impacts the environment.

1.1 Travelling by air, one return fare in economy class will be reimbursed.
As soon as your interview is confirmed in writing, please book your flights in order to avoid unnecessary increased fares. Please note that if the cost of your ticket exceeds €500, you should get in touch with your Recruitment Team contact in advance for approval.
If you are travelling back on the same day, the ECB will reimburse a business class fare only if an economy fare is not available or if a business class fare is cheaper than economy class. Please also get in touch with your Recruitment Team contact in advance for approval.

1.2 Travelling by rail: one 2nd class return rail ticket will be reimbursed.

1.3 By private car: candidates will be reimbursed at a rate of €0.40 per kilometre, as calculated by the website www.viamichelin.co.uk, up to a maximum ceiling of €300. Candidates must ensure that private
cars are suitably insured for the journey, as the ECB will not accept any liability in this respect. Please note that charges for hire cars will not be reimbursed. If your trip exceeds 300 kilometres (600 kilometres return) you will have to prove that you travelled by car by providing adequate documentation such as receipts for petrol, toll fees, refreshments etc. during your journey to Frankfurt (receipts from your starting destination will not be accepted).

If the distance between your home address and the airport/train station exceeds 50 kilometres, the travel costs incurred for this part of the journey, will also be reimbursed as travel expenses.

In the rare case that your interview needs to be rescheduled, due to unavoidable circumstances, the ECB will cover travel costs related to this.

Please note that the ECB will not cover the costs for any person accompanying you on your trip to Frankfurt.

If you choose to extend your trip and stay in Frankfurt before or after your interview, the ECB will cover your travel costs as long as they are not more expensive than if you just came for the interview. The ECB will not cover any accommodation costs related to this, nor any other costs should your return travel be delayed.

2. Other expenses

2.1 The ECB will pay a lump sum of €60 to cover out-of-pocket expenses (taxis, public transport, meals, etc, with the exception of those mentioned above). This sum is also intended to cover any additional fees you may incur, including any bank charges.

2.2 If an overnight stay is approved, the lump sum indicated in point 2.1 will be increased to €85 for the first night and €60 for each consecutive night.

2.3 Should you require hotel accommodation before or after your interview, please get in touch with your Recruitment Team contact prior to making arrangements, as an overnight stay needs to be approved prior to the interview date. Please note that the actual accommodation costs (excluding breakfast) will be reimbursed up to a maximum of €150. In exceptional cases (e.g.: major exhibition in Frankfurt), this limit may be revised, with prior ECB agreement. Additional costs such as breakfast, internet usage, mini bar etc. are covered by the lump sum.

Please note that booking confirmations are not accepted by our accounting department as proof of payment. We require an invoice from the hotel! We are only able to reimburse accommodation costs
from commercial establishments such as hotels, and do not reimburse stays at private residences (for example booked via homestay websites).
