Via email: [REDACTED]

26 November 2023
L/PC/23/08

Dear [REDACTED]

I would like to thank you and the EDPIA very much for your kind words on my appointment.

The EDPIA has been a key contributor throughout the digital euro investigation phase and we greatly value your feedback on the digital euro design options and distribution models in the context of the Euro Retail Payments Board and the Rulebook Development Group.

I remain committed to engaging closely and transparently with all digital euro stakeholders and I hope we will continue our constructive dialogue in the years ahead, as the ECB proceeds with the preparation phase of the digital euro project.

Yours sincerely,
[REDACTED]
