DECISION OF THE EUROPEAN CENTRAL BANK
of 27 July 2010
amending Decision ECB/2007/5 laying down the Rules on Procurement
(ECB/2010/8)

THE EXECUTIVE BOARD OF THE EUROPEAN CENTRAL BANK,

Having regard to the Statute of the European System of Central Banks and of the European Central Bank, and in particular Article 11.6 thereof,

Having regard to Decision ECB/2004/2 of 19 February 2004 adopting the Rules of Procedure of the European Central Bank¹, and in particular Article 19 thereof,

Whereas:

(2) Research and development contracts in the field of banknote security require special security measures and can therefore not be put out to tender. It should be clarified that such contracts fall under the exception laid down in Article 6(1)(c) of Decision ECB/2007/5.

(3) Following a recent judgment of the Court of Justice of the European Union⁴, it is necessary to clarify that the exemptions for cooperation agreements between the ECB and national central banks (NCBs) and cooperation agreements between the ECB and Union institutions and bodies,

international organisations or government agencies not only cover cooperation in the fulfilment of public tasks, but also auxiliary services for the fulfilment of public tasks.

(4) Following recent judgments of the Court of Justice of the European Union⁵, the time limit for raising objections to the ECB’s requirements needs to be refined further.

(5) For reasons of transparency, and without prejudice to Decision ECB/2004/3 of 4 March 2004 on public access to European Central Bank documents⁶, unsuccessful candidates and tenderers should be entitled to receive copies of all internal documents relating to the evaluation of their application or tender and, under certain conditions, copies of documents relating to the evaluation of the successful tender.

(6) It is necessary to clarify that in exceptional, duly justified cases, extensions of a contract may exceed the initial term of a contract.

(7) Decision ECB/2007/5 should therefore be amended accordingly.

HAS ADOPTED THIS DECISION:

Article 1

Amendments

Decision ECB/2007/5 is amended as follows:

   - for initiating the manufacture of new or improving existing materials, products or devices for the origination, production, transport, issuance, authentication and destruction of euro banknotes (including the origination materials of the latter)."

Research and development contracts in the field of banknote security do not include contracts for the pilot printing of euro banknotes.’

2. Article 2 is amended as follows:

(a) Paragraph 3(a) is replaced by the following:

‘(a) cooperation agreements between the ECB and NCBs which serve the fulfilment of Eurosystem/ESCB public tasks;’

(b) Paragraph 3(c) is replaced by the following:

‘(c) cooperation agreements between the ECB and other Union institutions and bodies, international organisations or government agencies, which serve the fulfilment of public tasks;’

3. Article 4(3) is replaced by the following:

‘3. The following threshold amounts shall apply:

(a) EUR 193 000 for supply and service contracts;

(b) EUR 4 845 000 for works contracts.’

4. Article 6 is amended as follows:

(a) Paragraph 1(c) is replaced by the following:

‘(c) when the ECB has classified the contract as secret or when the performance of the contract must be accompanied by special security measures, in accordance with the ECB’s rules on security or when the protection of the ECB’s essential interests so requires. Research and development contracts in the field of banknote security require special security measures and are therefore exempt from the requirements laid down in this Decision.’

(b) The following paragraph 2(g) is added:

‘(g) health and social services.’

5. Article 7(2) is replaced by the following:

‘2. If a contract is concluded for a fixed term, its term may be extended beyond that initial term under the following conditions:

'2. If candidates or tenderers consider that the ECB’s requirements laid down in the contract notice, the invitation to tender or supporting documents are incomplete, inconsistent or illegal or that the ECB or another candidate/tenderer has infringed the applicable procurement rules, they shall notify their objections to the ECB within 15 days. If the irregularities affect the invitation to tender or other documents sent by the ECB, the time limit shall start to run from the date of receipt of the documentation. In other cases, the time limit shall start to run from the moment the candidates or tenderers become aware of the irregularity or could reasonably have become aware of it. The ECB may then either correct or supplement the requirements or remedy the irregularity as requested, or reject the request indicating the reasons therefor. Objections which are not communicated to the ECB within 15 days may not be raised at a later stage.'

6. Article 28(3) is replaced by the following:

'3. Candidates and tenderers may, within 15 days of receipt of the notification, request the ECB to provide the reasons for rejecting their application or their tender and to provide copies of all documents relating to the evaluation of their application or tender.
