

GUIDELINES

GUIDELINE (EU) 2018/1626 OF THE EUROPEAN CENTRAL BANK

of 3 August 2018

amending Guideline ECB/2012/27 on a Trans-European Automated Real-time Gross settlement Express Transfer system (TARGET2) (ECB/2018/20)

THE GOVERNING COUNCIL OF THE EUROPEAN CENTRAL BANK,

Having regard to the Treaty on the Functioning of the European Union, and in particular the first and fourth indents of Article 127(2) thereof,

Having regard to the Statute of the European System of Central Banks and of the European Central Bank, and in particular Article 3.1 and Articles 17, 18 and 22 thereof,

Whereas:

- (1) On 26 April 2007, the Governing Council of the European Central Bank adopted Guideline ECB/2007/2⁽¹⁾ governing TARGET2, which is characterised by a single technical platform, the Single Shared Platform (SSP). That Guideline was amended and recast as Guideline ECB/2012/27⁽²⁾.
- (2) On 21 April 2010, the Governing Council adopted Guideline ECB/2010/2⁽³⁾, recast as Guideline ECB/2012/13⁽⁴⁾, laying the foundations for a Eurosystem service for securities settlement in central bank money, TARGET2-Securities (T2S). As the national central banks of the Member States whose currency is the euro provide auto-collateralisation services and settlement services in central bank money in T2S, Guideline ECB/2012/27 was amended⁽⁵⁾ to provide for dedicated cash accounts — T2S Dedicated Cash Accounts (T2S DCAs) - within TARGET2 for the settlement of transactions arising in the context of T2S. As regards the technical operation of the T2S DCAs, TARGET2 is technically established and functions on the basis of the T2S Platform.
- (3) In order to support the emergence of a pan-European solution for instant payments, a new settlement procedure for ancillary systems known as settlement procedure 6 real-time was introduced in TARGET2⁽⁶⁾ in September 2017.
- (4) On 21 June 2017, the Governing Council decided to launch the TARGET Instant Payment Settlement (TIPS) service. The new TIPS service will enable the settlement of individual instant payment orders in central bank money 24 hours a day any calendar day of the year, with immediate or close to immediate processing. For the purpose of the TIPS service, dedicated cash accounts (TIPS Dedicated Cash Accounts (TIPS DCAs)) are to be created in TARGET2. As regards the technical operation of the TIPS DCAs, TARGET2 is to be technically established and to function on the basis of the TIPS Platform.
- (5) It is also necessary to clarify certain other aspects of, and update, Guideline ECB/2012/27.
- (6) Therefore, Guideline ECB/2012/27 should be amended accordingly,

⁽¹⁾ Guideline ECB/2007/2 of 26 April 2007 on a Trans-European Automated Real-time Gross settlement Express Transfer system (TARGET2) (OJ L 237, 8.9.2007, p. 1).

⁽²⁾ Guideline ECB/2012/27 of 5 December 2012 on a Trans-European Automated Real-time Gross settlement Express Transfer system (TARGET2) (OJ L 30, 30.1.2013, p. 1).

- (4) For the submission of TIPS DCA to PM liquidity transfer orders the services of a TIPS network service provider or the ICM shall be used. Liquidity transfer orders shall include, inter alia, the unique account number of up to 34 characters of the sending TIPS DCA holder and the BIC of the receiving PM account.
- (5) For the exchange of information with the TIPS Platform either A2A or U2A modes may be used. The security of the message exchange between the TIPS DCA and the TIPS Platform shall rely on the Public Key Infrastructure (PKI) service offered by the TIPS network service provider used. Information on the PKI service is available in the documentation provided by such TIPS network service provider.

TIPS CONNECTIVITY TECHNICAL REQUIREMENTS

SERVICES OF THE TIPS NETWORK SERVICE PROVIDER**General service description**

1. The TIPS network service provider connects the TIPS DCA holder and/or its reachable party to the TIPS platform and provides a secure messaging service based on a Closed Group of Users (CGU) and PKI, as well as support and incident management services.
 2. All the services provided by the TIPS network service provider to the TIPS DCA holders shall be offered under a separate agreement entered into between them and in accordance with the detailed requirements for network service providers set out in the connectivity documentation as it shall read from time to time (hereinafter the "connectivity documentation"). The connectivity documentation is available on the ECB's website and consists of: (a) the document entitled "Connectivity – technical requirements" and the following attachments to it: "MEPT – Message Exchange Processing for TIPS" and "NSP Compliance Check Procedure"; and (b) the TIPS connectivity hosting terms and conditions. The TIPS DCA holders are invited to include the connectivity documentation in their agreement with the TIPS network service provider.
 3. In order for a network service provider to enter into an agreement with a TIPS DCA holder as a TIPS network service provider, a compliance check of the network service provider shall be carried out to ensure that such provider is technically compliant with the requirements set out in the document "Connectivity – technical requirements". This check shall include, first, an evaluation of the network service provider's technical offer. If this evaluation is positive, a second stage of the compliance check shall be carried out, which includes a series of tests of the network service provider's technical solution. The compliance check is described in further detail in the "NSP Compliance Check Procedure" referred to in paragraph 2.
 4. If the network service provider successfully completes the compliance check, it signs the TIPS connectivity hosting terms and conditions with Banca d'Italia. Such TIPS network service provider may then be used by any TIPS DCA holders, under a separate agreement entered into by the former and the latter, and their names will be published on the ECB's website, solely for information purposes. The compliance check referred to in paragraph 3 shall be carried out within 120 calendar days from the date of the official notification of the start of that procedure to the TIPS DCA holder.
 5. If a network service provider does not successfully complete any stage of the compliance check referred to in paragraph 3, the [insert name of CB] shall inform the TIPS DCA holder at whose request the assessment referred to in paragraph 3 was initiated, of the rejection and the reasons for it.
 6. It shall be incumbent upon TIPS DCA holders, in their own interest and under their separate agreement with their TIPS network service provider, to monitor whether the connectivity services to be provided by their TIPS network service provider fulfil all the technical and operational requirements as referred to in paragraph 2 at the time of the compliance check procedure, and for the entire period of time that the TIPS DCA holders are connected to the TIPS Platform.
 7. Any TIPS platform-providing NCBs' monitoring of a TIPS network service provider's compliance with the technical and operational requirements shall be undertaken in the sole interest of protecting the integrity of the TIPS Platform and, hence, without prejudice to the monitoring carried out by the TIPS DCA holder in accordance with paragraph 6.
 8. A TIPS network service provider may be disconnected from the TIPS platform if it ceases to meet the conditions of the connectivity documentation described in paragraph 2 or if the TIPS connectivity hosting terms and conditions are terminated for any other reason, as laid down in those terms and conditions. If a TIPS network service provider's connection to the TIPS Platform is terminated, it will be removed from the list of TIPS network service providers.
