THE GOVERNING COUNCIL OF THE EUROPEAN CENTRAL BANK,

Having regard to the Treaty on the Functioning of the European Union and, in particular to the first indent of Article 127(2) thereof,

Having regard to the Statute of the European System of Central Banks and of the European Central Bank and, in particular to the second subparagraph of Article 12.1 in conjunction with the first indent of Article 3.1, and Article 18.1 thereof,

Whereas:

(1) In accordance with Article 18.1 of the Statute of the European System of Central Banks and of the European Central Bank (hereinafter the ‘Statute of the ESCB’), the European Central Bank (ECB), together with national central banks of Member States whose currency is the euro (hereinafter the ‘NCBs’) may operate in the financial markets by, among other things, buying and selling marketable instruments outright.

(2) On 4 September 2014 the Governing Council decided that a new covered bond purchase programme (hereinafter the ‘CBPP3’) should be initiated. Alongside the ABS purchase programme (ABSPP) and the Targeted Longer-Term Refinancing Operations (TLTROs) (1), the CBPP3 will further enhance the transmission of monetary policy, facilitate credit provision to the euro area economy, generate positive spill-overs to other markets and, as a result, ease the ECB’s monetary policy stance, and contribute to a return of inflation rates to levels closer to 2 %.

(3) As part of the single monetary policy, the outright purchases of eligible covered bonds by Eurosystem central banks under the CBPP3 should be implemented in a uniform and decentralized manner, in accordance with this Decision,
