date of receipt: 14 May 2008

to: Mr Javier SOLANA, Secretary-General/High Representative

Subject: Proposal for a Council Regulation amending Regulation (EC) No 974/98 as regards the introduction of the euro in Slovakia

Encl.: COM(2008)250 final
Proposal for a

COUNCIL REGULATION

amending Regulation (EC) No 974/98 as regards the introduction of the euro in Slovakia

(presented by the Commission)
1. CONTEXT OF THE PROPOSAL

On 7 May 2008, the Commission adopted a proposal for a Council Decision in accordance with Article 122(2) EC, indicating that Slovakia fulfils the necessary conditions for the adoption of the single currency and that the derogation of Slovakia is abrogated with effect from 1 January 2009.

In case of a positive decision, the Council will subsequently have to take the other measures necessary for the introduction of the euro in Slovakia.

Council Regulation (EC) No 974/98 on the introduction of the euro\(^1\) governs the initial introduction of the euro in the first wave euro-area Member States and Greece\(^2\). This Regulation was amended by:

- Regulation (EC) No 2169/2005, in order to prepare for future enlargements of the euro area;
- Regulation (EC) No 1647/2006, in order to cover Slovenia (which adopted the euro on 1 January 2007);
- Regulation (EC) No 835/2007, in order to cover Cyprus (which adopted the euro on 1 January 2008);
- Regulation (EC) No 836/2007, in order to cover Malta (which adopted the euro on 1 January 2008).

In order for Slovakia to also be covered by Regulation (EC) No 974/98, a reference to this Member State needs to be added to this Regulation. The present proposal contains the necessary amendments to this Regulation.

Slovakia's changeover plan specifies that the so-called “big bang” scenario should be applicable, i.e. that the adoption of the euro as the currency of Slovakia and the introduction of euro banknotes and coins in this Member State should coincide.

2. LEGAL ASPECTS

2.1. Legal basis

The legal basis for the present proposal is Article 123(5) EC, which allows for the adoption of the other measures necessary for the introduction of the euro in the Member State the derogation of which has been abrogated under Article 122(2) EC.

The Council shall act with the unanimity of the Member States without a derogation and the Member State concerned on a proposal from the Commission and after consulting the ECB.

2.2. Subsidiarity and proportionality

The proposal falls under the exclusive competence of the Community. The subsidiarity principle therefore does not apply.

---

The present initiative does not go beyond what is necessary to achieve its objective and, therefore, complies with the proportionality principle.

2.3. Choice of the legal instrument

The Regulation instrument is the only appropriate legal instrument to amend Council Regulation (EC) No 974/98 on the introduction of the euro.

3. Budgetary Implications

The proposal has no implications for the Community budget.

4. Commentary on Individual Articles

4.1. Article 1

In accordance with Article 1 lit. (a) and with Article 1a of Regulation (EC) No 974/98, the table in the Annex to that Regulation lists the participating Member States and defines the euro adoption date, the cash changeover date, and the “phasing-out” period, if applicable, for all these Member States. According to Article 1 lit. (i) of Regulation (EC) No 974/98, a "phasing-out" period can only apply to Member States where the euro adoption date and the cash changeover date fall on the same day. This was not the case for the eleven Member States which adopted the euro on 1 January 1999 and for Greece which adopted the euro on 1 January 2001. Slovenia, Cyprus and Malta euro adoption date and cash changeover date coincided (1 January 2007 for Slovenia and 1 January 2008 for Cyprus and Malta), but the countries have chosen not to have a "phasing-out" period. Also Slovakia's changeover plan sets the same date for the euro adoption date and for the cash changeover date (1 January 2009), while the country has chosen not to have a "phasing-out" period.

This Article adds Slovakia and the following relevant data for this Member State to the table in the Annex to Regulation (EC) No 974/98 in protocol order.

<table>
<thead>
<tr>
<th>Member State</th>
<th>Euro adoption date</th>
<th>Cash changeover date</th>
<th>Member State with a &quot;phasing-out&quot; period</th>

<td>1 January 2009</td>
<td>No</td>
</tr>
</tbody>
</table>

4.2. Article 2

This Article sets the date of entry into force of the Regulation at 1 January 2009, ensuring that it will be applicable in conformity with the timing of the other Council acts relating to the adoption of the euro by Slovakia, i.e. the date of the abrogation of the derogation and the date of the entry into force of the conversion rate of the Slovak koruna.
Proposal for a

COUNCIL REGULATION

amending Regulation (EC) No 974/98 as regards the introduction of the euro in Slovakia

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular Article 123(5) thereof,

Having regard to the proposal from the Commission\(^3\),

Having regard to the opinion of the European Central Bank\(^4\),

Whereas:

(1) Council Regulation (EC) No 974/98 of 3 May 1998 on the introduction of the euro\(^5\) provides for the substitution of the euro for the currencies of the Member States which fulfilled the necessary conditions for the adoption of the single currency at the time when the Community entered the third stage of economic and monetary union.

(3) Council Regulation (EC) No 2169/2005\(^7\) amended Regulation (EC) No 974/98 in order to prepare for subsequent introductions of the euro in Member States which have not yet adopted the euro as the single currency.

(7) According to Article 4 of the 2003 Act of Accession, Slovakia is a Member State with a derogation as defined in Article 122 of the Treaty.

---

\(^3\) OJ C , , p. .
\(^4\) OJ C , , p. .
\(^6\) OJ L 300, 29.11.2000, p. 2.
\(^9\) OJ L , , p. .
\(^10\) OJ L , , p. .
Pursuant to Council Decision 2008/…/EC of … … 2008 in accordance with Article 122(2) of the Treaty on the adoption by Slovakia of the single currency on 1 January 2009\textsuperscript{11}, Slovakia fulfils the necessary conditions for the adoption of the single currency and the derogation in favour of Slovakia is to be abrogated with effect from 1 January 2009.

The introduction of the euro in Slovakia requires the extension to Slovakia of the existing provisions on the introduction of the euro set out in Regulation (EC) No 974/98.

Slovakia's changeover plan specifies that euro banknotes and coins should become legal tender in that Member State on the day of the introduction of the euro as its currency. Consequently, the euro adoption date and the cash changeover date shall be 1 January 2009. No “phasing-out” period should apply.

Regulation (EC) No 974/98 should therefore be amended accordingly,

HAS ADOPTED THIS REGULATION:

\textit{Article 1}

The Annex to Regulation (EC) No 974/98 shall be amended in accordance with the Annex to this Regulation.

\textit{Article 2}

This Regulation shall enter into force on 1 January 2009.

This Regulation shall be binding in its entirety and directly applicable in the Member States in accordance with the Treaty establishing the European Community.

Done at Brussels,

\textit{For the Council}
\textit{The President}
