

Operations managers contact group (OMCG) supportive statement of the Global Code

The OMCG has contributed to the preparation of the single global code of conduct (the “Global Code”), in particular to the sections on Confirmation and Settlement.

The OMCG welcomes and supports the publication today of the first phase of the Global Code, a significant initiative and important milestone towards common FX best practices.

The OMCG will continue its active involvement in the development, promotion and adherence of the Global Code.
