## Proposed approach to improve the outcome delivery process

---

T2-CG meeting  
11 June 2026

target | T2  
services

# Background

- Internal review initiated to improve timeliness of sharing meeting outcomes
- Current status:
  - Extensive documentation of discussions
  - Time-consuming drafting and review process
  - Result: late circulation of final outcomes

# Proposed approach

- Adoption of the MIB approach
- Reduction of detailed recording of the full discussion
- Shift to concise outcome documentation focused on:
  - Final decisions
  - Agreed actions
  - Next steps

## 1 Introductory remarks and approval of the agenda

The Chair will welcome the participants to the meeting and invite XXXX members to approve the draft agenda.

**XXXX members are invited to approve the agenda.**

Outcome:

- Approved the agenda
- Approved the status of the action points
- Following remark, two topics (XXX and XXX) were added under Any Other Business

Follow-up/Action Point: None

## 2 XXX

XXXX

**XXXX members are invited to take note of this agenda item.**

Background documentation (for information or approval without discussion):

A. XXXX

Outcome:

- Took note of XXXX

Follow-up/Action Point: XXXX

# Proposed approach

- Expected benefits:
  - Coherent approach to drafting outcomes over time and across groups
  - Streamlined drafting process
  - Improved clarity, readability, and focus on actionable decisions
  - Timely sharing of meeting outcomes
