Internal Annotation
- For future update or follow up: UETR when available will be made mandatory in EMIP guideline.

Comment
- New UETR Identification: a Change Request will be submitted to ask for an additional optional (bank-to-bank) identification to transport the UETR. This identification field will exceptionally be 36 characters long in order to avoid truncation of the dashes. This new UETR identification field should be added in every message containing today a Transaction ID.
- UETR when available, will be made mandatory in EMIP guideline

The CR will propose to rename EndToEndIdentification to CustomerEndToEndIdentification

Multiplicity
[1..1]
