Mandate of the Advisory Group on Market Infrastructures for Securities and Collateral (AMI-SeCo)

AMI SeCo meeting, 6-7 March 2017
Set-up of AMI-SeCo

Eurosystem market contact groups have been reorganised, with the “Contact group on euro securities infrastructures” (COGESI) and T2S Advisory Group (AG) being replaced by the AMI-SeCo.

Reasons:

• For an efficient and consistent interaction with the market on cash, securities and collateral management aspects.

• To build on the positive past experience (e.g. with AG in T2S context, transparency, cooperation with market participants / T2S users, market infrastructures).

• To provide advice/exchange views on developments in securities settlement and collateral management arrangements, which are closely intertwined activities and which should therefore be discussed holistically.
Objectives of AMI-SeCo

- AMI-SeCo assists the Eurosystem in the prudent design and management of financial market infrastructures operating in the single currency.

- It facilitates an active dialogue with market participants and financial market infrastructures, with a view to fostering financial market integration in the field of securities and collateral management, and to providing advice on market infrastructures managed by the Eurosystem and related projects.

- It also acts as an advisory body to the Eurosystem for all issues related to TARGET2-Securities (T2S).

Responsibilities and tasks

- Advise on matters related to securities clearing and settlement and collateral management, as well as T2S.

- Address, in line with user needs, all relevant aspects of the provision or modification of Eurosystem services on securities and coll mgnt.

- Advice to the Eurosystem on developments on securities and coll mgnt.
