	The comments provided should <u>NOT</u> be published	

The table below shall serve as a template collecting comments received in a standardised way.

- Please **add** to the table **only issues where you consider that a follow-up is necessary**, i.e. no general statements like “We welcome the recommendations.”
- All comments should be **separated per issue** concerned so that a thematic sorting can be easily applied later on. (i.e. one row for each issue).
- If needed, replicate page 2 for the provision of further comments.

The assessment form consists the four items which are suggested to be filled as follows:

- **Originator:** Name of the originator and ISO code of the country of the originator (e.g. NAME (AT/BE/BG/...))
- **Issue** (states the topic concerned): e.g. Scope and Addressees, Recommendation 2, 1.1 KC, 3.1 BP, Glossary.
- **Comment:** Suggestion for amendment, clarification or deletion
- **Reasoning:** Short statement why the comment should be taken on board
