

General Information (Origin of Request)		
<input type="checkbox"/> User Requirements (URD) <input checked="" type="checkbox"/> Other User Functional or Technical Documentation (SYS)		
Request raised by: Euroclear	Institute: Euroclear	Date raised: 31/07/2012
Request title: Possibility to subscribe to copies based on the sending channel (A2A or U2A)		Request ref. no: T2S 0367 SYS
Request type: Common		Urgency: Normal
1. Legal/business importance parameter: (C, H, M, L) H	2. Market implementation efforts parameter: (H, M, L) L	
3. Operational/Technical risk parameter: (H, M, L) M	4. Financial impact parameter: (H, M, L) (to be filled in by 4CB)	
Requestor Category: CSD		Status: Parked

Reason for change and expected benefits/business motivation:

- 1) Avoid useless bandwidth pollution.
- 2) Avoid unjustified costs.

Description of requested change:

The objective of the change request is to allow a CSD or a participant to choose to receive or not a copy of an inbound message, depending on the communication channel used in sending the message: A2A or U2A.

For example, a T2S actor sends messages in A2A mode and wants to be able to subscribe not to receive a copy. However for inbound messages sent in U2A mode, the T2S actor wants to be able to subscribe to receive the copy of instruction via A2A."
