

Final Content of TIPS Release 2.5 - Updated Version

On 26 July 2019, the Market Infrastructure Board (MIB) approved the scope of TIPS Release 2.5.

Subsequently, on 08 January 2020, the MIB agreed to revise the scope of the release by postponing the deployment of the Mobile Proxy Lookup (MPL) functionality from June 2020 (Release 2.5) to November 2020 (Release 3.0).

In light of the above, the scope of TIPS Release 2.5 includes the following item:

A2A debit notification camt.054 for outbound LTs [TIPS-0013-URD]

In TIPS, account owners can decide whether they want to receive a credit notification after the settlement of any inbound Liquidity Transfer from the relevant RTGS system. The aim of change request TIPS-0013-URD is to provide them with the opportunity to receive a debit notification in case of settlement of outbound Liquidity Transfers from TIPS to RTGS. This notification will be sent to the Party Technical Address of the account holder, that can contain the participant distinguished name or an instructing party distinguished name.

In addition to the above the **TIPS Release 2.5 may also include fixes to production problems** that might arise.
