</table>

Totals/sub-totals may not add up due to rounding.

* The consolidated balance sheet for 1 January 2001 shows, for the purpose of comparison, the effects of the entry of the Bank of Greece into the Eurosystem on that date. The changes arise mainly from the incorporation of the assets and liabilities of the Bank of Greece and the reclassification of claims and liabilities of the Eurosystem vis-à-vis Greek residents as claims and liabilities against euro area residents.
